WHAT IS HKICF?

The Hong Kong Inter-School Choral Festival (HKICF) is organised by The Hong Kong Virtuoso Chorus (HKVC), a registered S.88 charitable organisation. It is dedicated to providing equal access to choral education and fostering a vibrant inter-school choral culture in Hong Kong. HKICF is now the city's largest choral event, engaging over 30,000 participants annually through more than a dozen diverse programmes.

CHALLENGES

As a **non-profit charitable organisation**, we rely on financial support from the public and private sectors as our main source of income. In the current economic climate, we are facing **unprecedented fundraising challenges**, including major funding cuts, which are undermining our ability to deliver all the projects planned for HKICF 2026.

Amidst these challenges, we remain hopeful because of supporters like you. This "Plant a Choral Seed" fundraising campaign is perhaps born out of a dire situation, but it **can be overcome** because of our shared passion for music and education.

Your participation will empower us to keep this impactful choral festival going!

“PLANT A
CHORAL
SEED”

CAMPAIGN CONCEPT

Inspired by the theme of nurturing and growth, this campaign invites donors to come together and create a 'forest' of support for a meaningful cause.

Each donation acts like planting a seed — one that will grow into a strong tree over time. Together, these contributions form a thriving forest, symbolising the flourishing impact of choral music and its power to transform the lives of young people.
